

## Product Care

At Ketcham we want your mirror/medicine cabinet to maintain the same beauty and functionality as the day it was installed. Following these cleaning instructions and using the approved cleaning solutions will keep your mirror/medicine cabinet bright and beautiful throughout its lifetime.

These mirror products require special care. Use a damp cloth to clean your mirror. Do not use any abrasive material as it may damage the surface and finish of the mirror. When cleaning, spray the cloth, not the mirror or surrounding surfaces. Mild detergents like vinegar solution and water are recommended.

DO NOT clean your mirror/medicine cabinet with any knives, scrapers, emery cloth, scouring sponges, or abrasive materials.

DO NOT use alkali or acid cleaning solutions, as this will severely damage the mirror/medicine cabinet.
